**Not included in the player registration fees are: Tournament entry fees, coaches travel to tournaments, game jerseys, game jerseys, backpack, sweatshirt

***FC Las Vegas is going to a 2-year cycle on uniforms in an effort to help keep costs down for our members. The Fall of every even numbered year FCLV will go to a new uniform style that all players will need to purchase and use for the next two years. New uniforms kits were purchased for the 2008-2009 season. This means for the 2009-2010 season only new players will need to buy the additional uniform items (red game jersey, white game jersey, black game jersey, backpack and sweatshirt). Total cost for these items is \$105. You will see above that certain items are included every year in player registration fees. We include these every year because these are items that get worn out from year to year. Returning players wishing to order specific additional or replacement items will be able to do so.

****Participants choosing the payment plan are assessed a \$100 fee. This is broken up into the payments and is included in the amounts up.
